

# Location Specific Practice Number (LSPN)

Last Modified on 23/02/2024 11:12 am AEDT

The Location Specific Practice Number (LSPN) identifies a recognised diagnostic imaging and radiation oncology services site, and it is required when billing Medicare for imaging.

When a bill is raised, the LSPN is added with the MBS item number.

The LSPN is set in the hospital's **Site Details** screen and the **Practice Details** screen.

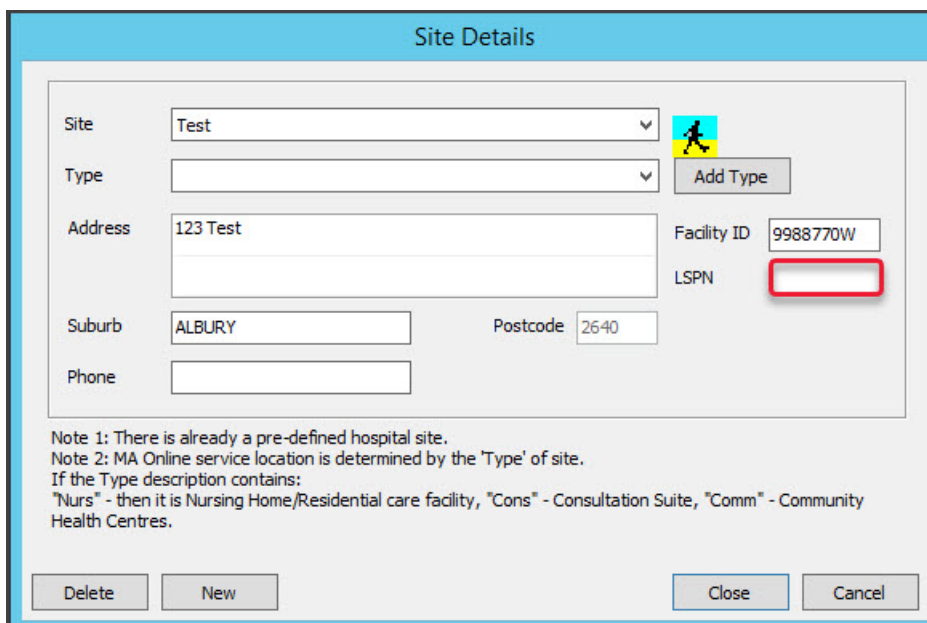

To add an LSPN to a Site:

1. Go to Zedmed's **Management** tab.
2. Select **Practice Setup** then select **Visit Sites / Hospitals** from the list.

This will open the **Site Details** screen.

3. Enter the hospital's **LSPN** number into the field provided.
4. Select **Close** to save and exit.

To learn more see the [site setup article](#).

Note 1: There is already a pre-defined hospital site.  
Note 2: MA Online service location is determined by the 'Type' of site.  
If the Type description contains:  
"Nurs" - then it is Nursing Home/Residential care facility, "Cons" - Consultation Suite, "Comm" - Community Health Centres.

To add an LSPN to a Branch:

1. Go to Zedmed's **Management** tab.
2. Select **Practice Setup > Branches**.

The **Practice Details** screen will open with the **Branches** tab selected.

3. Enter the **LSPN** number into the field provided.
4. Select **Close** to save and exit.

To learn more, see the [Add a Branch article](#).
